

	32 x 7.3 mm diameter (complete sensor)	
<b>Ordering</b>	<b>Description</b>	<b>Part No</b>
	Sensor with 2 x 1m cables for WP-87	121254
	Extra cable (order by the metre)	130040

### Type K Thermocouple Temperature Sensor

<b>Description</b>	Narrow diameter body for fast response in liquids and semi-solids.	
<b>Temperature Range</b>	-40 to 750 °C	
<b>Dimensions</b>	120 x 3.2 mm	
<b>Ordering</b>	<b>Description</b>	<b>Part No</b>
	Sensor with 1m cable with Type K mini-plug	124204

### Type K Thermocouple Bead Sensor

<b>Description</b>	Designed for faster response in Air/Gas measurements, this sensor has the thermocouple wires twisted at the tip. Not suitable for measurements in liquids.	
<b>Temperature Range</b>	-10 to 50 °C	
<b>Dimensions</b>	1 m x 1.8 mm (cable dimension)	
<b>Ordering</b>	<b>Description</b>	<b>Part No</b>
	Sensor with 1m cable with Type K mini-plug	124205

### Type K Thermocouple Surface Sensor
