

1300, Filter Funnel Stand (shown with 1390V1 funnels and 1395 1 oz. bottles)

FILTER FUNNEL STANDS

1300 FILTER FUNNEL STAND

The Model 1300 Filter Funnel Stand, the Model 1390 Funnels, and Model 1397 Sample Bottles provide a simple, efficient system for obtaining soil extracts. By connecting a vacuum source to the Funnel Stand, the sample bottles are evacuated, which draws the extract from the soil and into the bottle.
