2860PB	Replacement Plastic Base	Easy snap on design
2860KIT	IPM Scope - Pro Kit	Includes portable light table, LED flashlight and hard case
2860GPS	GPS Option	Plugs into a free USB port

The IPM Scope combines a digital camera, precision optics and LED lighting into a powerful handheld microscope and imaging software package. Zoom in on fine details of plant disease symptoms, or insects. Instead of straining to look into a tiny eyepiece, place the IPM Scope over the leaf and view the magnified image right on your computer screen. The IPM Scope comes with all the software required to capture and archive your still images. The video software upgrade provides the ability to capture live videos and time lapse sequences of insect movement. The IPM Scope connects to your computer's USB port and it is ready to use anywhere.

Features:

- View live images on the computer screen
- Measures 40X and 140X magnification
- Completely portable when connected to a laptop computer
- Archive still images or send files via e-mail
- Add labels, markers, time stamps and measurement scale
- Draw directly on the live image

IPM Scope shown with optional Plastic Horseshoe to view 3D images
